AIRS I & II -- (Candidate Sourcing)

Alicia S Lin

Strategic Advisor | Head of Talent | Venture Scout
San Francisco Bay Area

Summary

I'm a catalyst for innovation, specializing in aligning superpowers that create powerful synergies. My mission is to identify and connect innovative creative and technical geniuses, fostering collaborations that amplify individual strengths and generate exponential growth of 10-100x. By cultivating high-impact connections, I aim to catalyze the development of groundbreaking products that will shape the future of technology and make a lasting impact in the world!

Experience

MultiOn

Head of Talent & Strategic Advisor
2024 - Present (less than a year)
Palo Alto, California, United States

MultiOn is pioneering the future of AI-assisted web interaction. Our mission is to create intelligent Agents that navigate the digital world on your behalf, handling complex tasks with unprecedented efficiency.

Demo here: bit.ly/3z67iMK

Our AI agents are designed to be capable of:

- Executing end-to-end tasks without human intervention
- Booking travel arrangements
- Scheduling appointments
- Completing online purchases
- Filling out complex forms
- Conducting in-depth research

Our goal is to free you from tedious online tasks, allowing you to focus on what you truly love. By democratizing access to AI-powered personal assistance, we're not just improving productivity—we're expanding human potential.

Backed by industry leaders including Reid Hoffman, Jeff Dean, Jeremiah Owyang, General Catalyst, Amazon, and Samsung, MultiOn is at the forefront of the Agentic web revolution.

Join us in shaping a future where AI empowers everyone to achieve more and enjoy life to the fullest. Together, we're redefining the boundaries of human-AI collaboration.

We are looking for A+ players to join the team -- Sr. Product Manager, Sr. Product Designer, Sr. Infra Engineers AI Product Engineers, Fullstack Developers & Community Manager.
