  "transcription": " Nice to meet you, Tara. My name is Victor. What do you love? I like adventure,  
knowledge. And what are you here for? What are you looking to get from this event? I work on some  
related projects, like AI agent. I'm building some AI agent infrastructure. So I want to hear the voice  
from another side, like how people use AI agent, like what kind of model they are using, like what  
kind of fine-tuned technology they are using, using and what kind of infrastructure they are using  
yeah amazing do you have a linkedin profile yeah can i take your link wait what are you like you  
guys doing here we're connecting everyone"
