  "transcription": " What do you love? I love to go on long hikes in nature, especially with people  
who like to have a good time and who can make jokes. That sounds really wonderful. What would  
you love to gain out of this AGI House event? I hope to meet people who have similar career  
interests as me, who maybe in the future I can found a company with and who I can build long-term  
relationships with, working relationships. What is your background that you would bring to that  
company? Yeah, so I've worked in pathology AI for about three to four years now, so I've got a lot of  
expertise on how to bring AI to medical domains, what clinicians are looking for, and how to best  
approach AI deployment in kind of sensitive areas. Wonderful. Perfect. Okay."  
}
