June 2021 - August 2021 (3 months)

On Deck is where top talent comes to accelerate their ideas and careers, surrounded by a world-class community.

Darkstore

Senior Software Engineer

May 2019 - 2020 (1 year)

San Francisco Bay Area

As part of the core engineering team, responsible for full-stack and infrastructure development for a platform enabling same-day fulfillment and delivery as a service for nationwide e-commerce brands.

backend: node.js, express, sequelize

db and cloud: postgres, google cloud platform (compute engine, cloud storage, cloud sql)

LinkedIn

Software Engineer

April 2017 - May 2019 (2 years 2 months)

Sunnyvale, California

Worked on the software that powers LinkedIn's hiring process, and my team was responsible for ensuring that LinkedIn is able to hire world-class talent at scale. It was a pleasure to contribute as a backend engineer to an awesome, small team working on technology vital to LinkedIn's success. LinkedIn Security Champion and LinkedIn AI Academy in 2018.
